Hi we are a group of Erasmus.

We wish you good luck because we

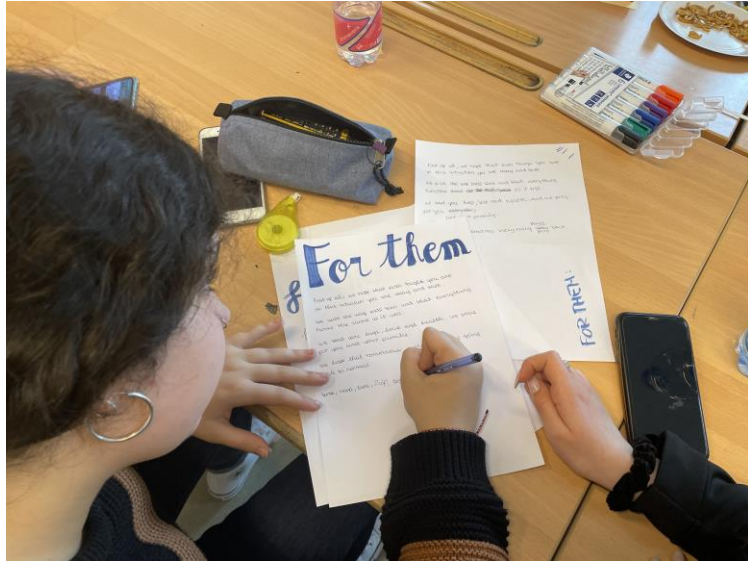

know how hard is being in this situation .

It must be hard from everyone, specially for
the innocent who live in Ukraine .

If you need anything , we are here for you.

We're trying our best to help and
improve this situation .

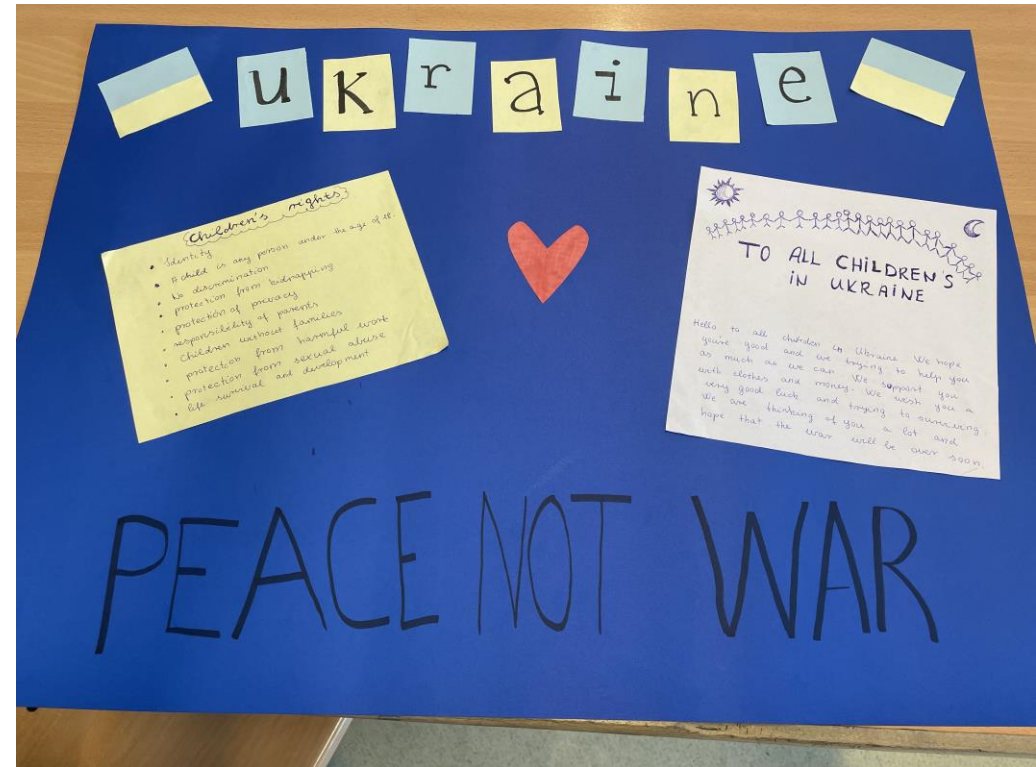

we hope it will end and everything
will be fine .

We feel really bad for you
and it's horrible that so
many people are hurting
right now. We know that
it's very hard to feel safe.
It's terrible that your homes,
hospitals and buildings are
destroyed. We hope that this
war ends soon so you can
feel safe.

Kind regards: The Erasmus project
